Thursday, 22 June:

0830-0900 Introduction & Purpose

0900-1000 Incidental Take Statement – Discussion on the approach to take

1000-1145 Conservation Measures – Objective: To ensure consistency with 2015 BO and eliminate any confusion for implementation of both the 2015 BO and the 2017 amendment

- a. Re-stating CM's from 2015 and eliminating any inconsistencies from 2015
- b. Refinement of CM's for 2017
- c. Purpose of CM's – connection between the CM's and benefits to the species.

1145-1300 Lunch

1300- 1400 Discussion of Impact Analysis

- a. Consideration of beneficial impacts of CMs – discuss why some were considered for species and some were not (eg. fencing at LFTRC and ungulate removal was not recognized as beneficial to butterfly)
- b. Consideration of additional information for some species to further support conclusions

1400-1500 Biological Opinion (BO) Comments

- a. Reasonable and prudent measures
- b. Terms and Conditions - refinement to only address animal species and address any concerns with feasibility as currently written
 - 1. Including T&C's from 2015
 - 2. T&C #1 – Revise as per discussion from August 2016 and January 2017 meetings
